

Angmering Cluster Indoor Bowls Competition

Rules

- This will be a round robin event with each team playing all the others.
- Teams get 4 points for winning a match, 2 points for drawing and 1 point if they lose. All points are calculated into a league table.
- The game must be played by 4 players of any gender on both teams and can be played in the following format.
- Each player in every team will be required to deliver 1 wood in each “end”.
- The woods are weighted and therefore curve with a bias – they will not roll in a straight line.
- The first named team in the order of play will bowl the first wood.
- Each team member of 4 will get their own wood to bowl.
- Teams should number their team from 1 – 4.
- The number 1 player delivers their woods followed by the number two, followed by the number threes, followed by the skips. (Therefore the order must be decided before hand)
- All woods have to be delivered to complete and end.
- Woods must be delivered with both feet behind the delivery line.
- All disputes must be taken to the umpire; the umpire's decision is final.

- Each match comprises of 3 ends. The winner of more points is the victor.

- The teams who’s woods are furthest from the target must send the following stone.
This continues until there are no more woods left to send

- A point is scored for each wood a team has which is closest to the centre of the target.
If a team has two woods closest, they get 2 points, etc...
If woods are equidistant from the jack, each team will score a point.
